

# Chocolatey package manager

## Choco commands

```
choco install -y -allow-empty-checksums -ignore-checksums choco upgrade all -y
```

## Bloquer un package sur une version

Peut toujours servir aussi sur un package dont l'upgrade rate systématiquement

<https://superuser.com/questions/972178/how-to-update-all-chocolatey-packages-except-one>

```
choco pin add -n=git choco pin add -n='git.install'
```
